On the well marked paths the crossing of the Alps is also feasible for pleasure cyclists, because the ascent to the main ridge of the Alps is divided into two daily stages, the last one is will be done by using the train. On your journey you will pass the idyllic Salzach valley, Bad Gastein, the impressive high mountain landscape of the Hohe Tauern, the sunny Trautal and the wildly rugged canal valley. Cycling on the Via Julia Augusta you pass Palmanova and Aquileia and get to the fishing village of Grado. The tour runs along bike paths or very quiet side roads, through small villages and picturesque landscape. The section ober the Pass Lueg can also be bypassed by train. The tour is suitable for children over 16 years. We suggest you cycle the 8 days variant with an E-bike.

DETAILED ROUTES

📍 Day 1: Salzburg

Individual arrival at the starting hotel in Salzburg. A bicycle trip could not start more impressively than in Salzburg, the city of Mozart. You are surrounded by so many Baroque monuments in this beautiful old town. Take some delicious Mozartkugeln (typical Austrian confectionary) on your journey to the sea.

📍 Day 2: Salzburg - Golling (approx. 35 km)

With a view of the fortress Hohensalzburg you leave the city. In the distance the mountains are already visible. The first section takes you along the Salzach. On the way you will pass the former summer residence of the Salzburger Bishops, Hellbrunn palace. For more than 400 years, the extraordinary water games have been a delight for young and old. On the Tauern cycle path, the journey continues in the direction of Hallein, known for its crooked townhouses and above all for the white gold - salt. Another highlight is the waterfall in Golling.

📍 Day 3: Golling - St. Johann (approx. 35 km)

From Golling the route leads up to the Pass Lueg-Höhe. At 552 m, the pass is one of the lowest, nevertheless it offers a wonderful view on the Hagen and Tennen mountains. A worthwhile excursion leads to the „Salzachöfen“. Getting into the gorge and coming back takes about half an hour. On the horizon you can already see the fortress Hohenwerfen, which is famous for its impressive bird of prey show. You keep cycling along the Salzach river up to your overnight accommodation.

📍 Day 4: St. Johann - Bad Gastein/Mallnitz (approx. 55 km)

The journey continues through the tranquil Gastein valley. Until the 20th century, it was only accessible along mountain paths and narrow roads. Framed by the peaks of the Hohe Tauern, you cycle along the Gasteiner Ache (river). Passing Dorfgastein and Bad Hofgastein you reach the famous health resort Bad Gastein. The "Montecarlo of the Alps", as the place is often called, is known for its many splendid hotels from the „Belle Époque“. The main attraction here is the Gastein waterfall, which has been the focal point of many artists and poets.

📍 Day 5: Bad Gastein/Mallnitz - Spittal a. Drau (approx. 40 km + train)

Today you cycle along the river Möll through the impressive mountain landscapes. This section of the cycle path is also known as the „Glocknerradweg“. It goes mostly slightly downhill and leads through the Hohe Tauern National Park up to Möllbrücke. From there the Drau cycle path leads to Spittal, famous for its Renaissance castle of Porcia.

📍 Day 6: Spittal a. Drau - Villach (approx. 35 km)

Today stage follows the flow of the Drau river and ends in the second largest city in Carinthia. Villach is not only famous for its Carnival, but also known for its „Villacher Kirchtag“ (folklore festival). In addition, numerous places of interest await you. If you still have enough time, we recommend you to take a swim in one of the lakes around the city.

📍 Day 8: Tarvisio/Camporosso – Venzone/Moggio/Tolmezzo

(approx. 55 km)

Tarvisio, a small town surrounded by wide valleys and wood, in a modern garb, with an old soul and full of traditions, is today the starting point of your cycle tour. It is not only one of the most important mountain resorts of Friuli-Venezia Giulia, but also one of the most known winter sport centre in the region. Continuing through the valley of „Kanalital“ you can admire the beauties of the Friulian Alpine from the saddle, with intact, untouched nature and vast, intact forests.

The townscape is characterised by the majestic cathedral “Santa Maria Assunta” which is certainly worth a visit. The wine determines today’s stage. Hills full of grapevines line your path and invite you to taste some good wines. The Venetian influenced Udine exudes calm and prudence. Enjoy a cup of coffee on the “Piazza” or stroll through the city centre and admire important Gothic and Renaissance buildings.

📍 Day 10: Udine – Grado
